

Emergency Information for Clients

Emergencies and disasters can happen with little warning. You may need to act quickly to keep safe.

The NWRH [Disaster Management Plan](#) has been developed to identify arrangements for NWRH to prepare, respond and recover from emergencies.

Our Plan aims to:

- ▶ Enable [continuity of supports and services](#) that are critical to the safety, health and wellbeing of our clients before, during and after an emergency or disaster;
- ▶ [Communicate changes](#) to client supports and services when needed;
- ▶ [Support clients](#) to develop their own emergency plans.

We recommend you work with your family and support network to follow these guidelines and be prepared:

Please do not hesitate to contact our team if you require assistance with your Emergency Plan.
