

Operating in over 50 communities across rural, regional and remote Queensland

Why did you Join NWRH?

I relocated to Mount Isa with my family and was seeking full-time employment. NWRH provided a valuable opportunity to secure a stable role within an organisation.

What does your role Involve Day to day?

In my role, I provide support to elderly clients and others who require assistance with daily tasks. I work closely with individuals to help them maintain their independence and improve their quality of life.

What has been your biggest achievement or proudest moment at work?

One of my proudest achievements has been successfully completing my Diploma of Community Services, with the support of NWRH and the CADS team.

What has your career pathway looked like?

My career began with caring for family members, which inspired me to pursue further qualifications. I completed a Certificate II in Business Administration, followed by a Certificate III in Education, which led to a role as a teacher aide. Due to limited opportunities in that field, I undertook a Certificate III in Individual Support. Through this, I discovered a strong passion for supporting others in the community, which led me into permanent support work. I have also worked as a sales consultant and in various other roles; however, helping people is what I find most rewarding, and I would not change my current career path.

What do you love about NWRH?

I value how family-friendly the organisation is, as well as the ongoing support I receive from both my team and management.

What advice would you give to someone new starting at NWRH?

My advice would be to never hesitate to ask for help or support when needed. The team is very supportive and always willing to assist.
